

Day 2: Genome Assembly

- Different Methods-which are the best?
- How to evaluate a good assembly?
- How reliable are existing assemblies?
- <https://vertebrategenomesproject.org>

African Lion and Cape Buffalo, Zimanga Private Game Reserve, Mkuze, South Africa by Ifham Raji: "This immature young lion was quite puzzled to see a herd of cape buffalo approaching." (© Ifham Raji, "This immature young lion was quite puzzled to see a herd of cape buffalo approaching.")
